

Multibond-DL

GLUE DOWN CARPET CUSHION

Product Description

MultiBond-DL is a high-density, high compressive strength, bonded urethane carpet cushion manufactured specifically for use in double glue installations in extra-heavy traffic areas. The top side lamination is a heavy duty green PE film with a polypropylene mesh for added tensile strength. The bottom side is laminated with a heavy black PE film. This combination creates a high quality cushion suitable for gluing to the sub-floor and the carpet to the cushion.

A double glue installation will help you avoid carpet wrinkling and re-stretch problems common to stretch-in installations, and provides the durable comfort of a cushion under any commercial carpet.

Extensive testing in real life installations has demonstrated that a MultiBond installation will double the life of a carpet and prevent early signs of wear and will reduce or eliminate traffic wear patterns over the life of the carpet.

Physical Properties

Construction	Bonded Urethane
Color	Green
Weight Class	10 Lbs / Cubic Ft
CFD @ 65% Deflection (Compression Force Deflection)	15.2 PSI

Roll Size

Coverage	25 Sq Yds (225 Sq Ft)
Width	6' (72")
Length	37'- 6" (450")
Thicknesses	1/4, 5/16, 3/8 inch

Lamination Finish

Top Side: Heavy Duty Green PE Film with ScottLock Mesh
Bottom Side: Heavy Black PE Film

Standards & Recommended Uses

Ohio Building Code & BOCA	Class II Building Material
ASTM E-84 (Tunnel Test)	
Flame Spread	45
Fuel Contribution	15
Smoke Density	80
FHA Certification	FHA UM-72a Class II Installations
Recommended Traffic	Extra-Heavy Commercial
British Standard	Meets basic performance requirements of BS5808 for commercial use.

Warranty - Gold Seal Lifetime

ScottDel Cushion warrants this product to be free of manufacturing defects and will replace defective cushion, free of charge, for the life of the original carpet under which it is installed, plus 25 years on stairs and in hallways. This warrant is valid only if the cushion is installed in accordance with industry standards, and covers both cushion and replacement costs.
